

Hey Daddy

*Let me see - let me see
All my life has been - taken - taken
This demon - haunts me - haunts me
They're waiting - help me
Help me*

*You fuck me up
I'm gagged and bound
You pick me up
When I am down
I cannot live without them
I do not live without them*

*Hey Daddy
They are taking me
Away
Biting
Facing him - what soul
My soul
They're eating - help me
Please help me*

*You fuck me up
I'm gagged and bound
You pick me up
When I am down
I cannot live without them
I do not live without them*

They say this thing inside me
Wants to get out
All it does is scream and shout
I'm trying not to let them out
They tell me to hurt myself
But I'm not gonna listen

You fuck me up
I'm gagged and bound
You pick me up
When I am down
I cannot live without them
I do not live without them

Hey daddy
waiting
