

## *I Wish You Could Be Me*

*I am going insane  
This shit is all of a pain  
I cannot maintain  
As the shit gnaws at my brain  
I wish you could be me  
And then the shit would see  
How tired I am  
And how shit got the best of me  
At least you could look at me  
While you are ripping me  
You are taking my life and selling it, tehehe  
Why should I complain?  
At least it helps my pain  
I am very cool now  
And it's gossip 'bout my fame  
I am going insane  
This shit is all of a pain  
I cannot maintain  
As the shit gnaws at my brain  
I wish you could be me  
And then the shit would see  
How tired I am  
And how you get the best of me  
At least you could look at me  
While you are ripping me  
You fuckin pussy*
