

Chi

Pain!

*Buried so far away
In to my life of nothing*

Chorus:

*Sick of the same ol' thing
so I dig a hole and bury the pain
Sick of the same ol' thing
so I dig a hole and bury the pain*

*I am so high, always
Burying my life so slowly*

Chorus x 2

*It opens my mind to feelings
Can't face bottom without something*

Chorus x 2

*We enter in my head
Feeling like I'm God
With the world around me
Can't you feel this pain
reaming through my heart
screaming through my veins
nothing I can kill
The stinging of my heart, aah*

*Can't you feel my heart, ahh
Can't you take my heart...away
Tired heart
Goodbye*

Chorus
