

## *Here It Comes Again*

*Pounding, it starts again  
Hurting, oh where do I began ?  
Screaming, they dance around my head  
Hoping, they maybe end up dead*

*Feeling it ramble, what can I say ?  
Really fucked up again (I feel that I can fight)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again !*

*Silent it goes away  
Patient oh, should I really stay ?  
Trying so hard to get ahead  
Failure, is often where I'm lead*

*Feeling it ramble, what can I say ?  
Really fucked up again (I feel that I can fight)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again !*

*Oh I must hold on  
Oh I won't be gone  
Oh I won't stop now  
Oh I don't know how*

*Why I can't hold on ?  
Why I can't be gone ?*

*Why I can't stop now ?  
Why I'm don't know how ?*

*Here we go again (again) [x7]*

*Feeling it ramble, what can I say ?  
Really fucked up again (I feel that I can fight)  
I can't fucking given in (I feel that I can fight)  
Can't I ever win (I'll keep it on my mind)  
Here it comes again !*
