

Die Another Day

[Verse 1]

*The madness creeping up on me
The pressure's building I foresee
Alienation's lurking
Spawning lunacy*

[Pre-Chorus]

*Slowly escaping
This wreckage in making
So don't look back for me*

[Chorus]

*Sometimes we take it all
Nothing stands in our way
We have to fight and crawl
To die another day
Die another day
Die another day*

[Verse 2]

Misery often misleads

*It creates things we cannot see
Excessive thoughts are bound
Distorting reality*

[Pre-Chorus]

[Chorus]

[Bridge]

Hello, are you there?

How come won't you listen?

I really don't care

I really don't care

[Pre-Chorus]

[Chorus] [x2]
