

## *It's All Wrong*

*[Verse 1] Annotate  
What's it gonna be today?  
Keep chipping at my soul  
And why must I disobey  
The only thing I know?*

*[Chorus]  
How many times a day, must I die?  
Nothing's gonna work today  
I'm killing time  
Looking all around to find away  
It's all wrong  
Knowing that my demon won  
I'm done*

*[Verse 2]  
Heaven led astray  
Leading the righteous(?)  
What did (?) say?  
Attacking the altar*

*[Chorus]*

*[Bridge]*

*I'm done with faceless feelings  
I'm done with anything  
I'm done trying to support you and sacrificing  
everything*

*[Chorus]*
