So you've seen I've gotten this far
Please give me some place to hide
I'm not trying to go there, so take me away
Life sometimes pisses me off
It's never a good trip for me
Every time I reach for love, it's taken away
Night! So I play
Give me a sign this is gay
Give me some patience, so I pray
It's time to die. Is that what I want?
There's nothing wrong wanting to be loved
Is there something wrong with me?
For once in my life I'd like to be really set free
Let me be me
Night! So I play
Give me a sign this is gay
Give me some guidance, so I pray
It's time to die. Is that what I want?
Take me away
Taken away
Take me away
Taken... away
Something I get, I got to get home
Run, run, run, run, run, run running home
Where is my home..
...suck my dick..
Night! So I play
Give me a sign this is day
Give me some patience, so I pray

*It's time to die. Is that what I want ?
Night! So I play
Give me a sign this is day
Give me some guidance, so I pray
It's time to die. Is that what I want ?*
