

It's Gonna Go Away

*Fu.., fu.. fu.., I got this bad cold
And I got a life, I live it up
I live it up*

It's gonna go away

I don't want this to go away

Go away

I'm so scared

Oh so scared

I can't think of going on

We all crumble

We crumble under pressure

Pressure

Pressure

Pressure

It's gonna go away

.... Go live it up

We're livin it up
