

## *Lost*

*Why can't I decide  
why my feelings I hide?  
Always screwing with my mind  
that thorn in my spine  
Oh sure, it feels fine  
wasting all our time  
In the back of my mind  
That thorn in my spine*

*Wait to see it before my eyes  
Why? don't I turn grey?*

*Looking all the time  
at your face so blind  
Feeling uptight  
always the same fight  
Hey man, now decide  
go ahead take your time  
Kissing all the time  
That thorn in my spine*

*Refrain:*

*Wait You can't even see my side  
Why? do you play yourself out 'dat way?  
Why? You and me always hang  
Wait Weren't you were my friend?*

*The pain in which I feel, I feel*

*Hey man look inside  
know your need to your own life  
Remember me, guy?  
That thorn in your spine  
Waiting all the time  
I'm doing mighty fine  
Remember me guy?  
That thorn in your spine*

*Refrain*
