

Break Some Off

*I am living without you
You think everything will be fine
I find making it hard to lie
Realize nothing is left inside*

*I'm About to break somebody off
Going to lose my mind
I'm About to break somebody off
I feel I'm feeling fine
I'm About to break somebody off
No it won't be fine
I'm About to break somebody off*

*My lies is going to hurt you
my fat not going to wait this time
I play, games just to despise you
I know, you're going to believe this time*

*I'm About to break somebody off
Going to lose my mind
I'm About to break somebody off
I feel I'm feeling fine
I'm About to break somebody off
No it won't be fine
I'm About to break somebody off*

*Feel me as I'm laughing
Leaving, eating, fucking
Hating all this bullshit*

Maybe I can't stand this
Fuck, fuck, fuck, fuck, fuck, fuck, fuck, fuck, fuck
I can't stand this

Fuck
I'm About to break somebody off
Going to lose my mind
I'm About to break somebody off
I feel I'm feeling fine
I'm About to break somebody off
No it won't be fine
I'm About to break somebody off
Off, off, off, off
