

Victimized

[Verse 1]

*Our lives are fake
They mean nothing you see
Our dreams are lost
Just aiming fantasy*

[Pre-Chorus]

*How many times have you been misguided?
How many times have your hopes been smited?
This life means fuck to me*

[Chorus]

*Victimized, deceived
A black veil of insanities crushing
Like fire beating all of our disease
The black veil of insanity misleads*

[Verse 2]

*Our hearts are free
Does that mean anything?
Do what we're told*

So sick of hypocrisy

[Pre-Chorus]

[Chorus]

[Bridge]

*Black veil
It's coming for me
It's coming for me
It's coming for me
It's coming for me
It's the black veil of insanity
It's coming for me
Set free*

[Chorus]
